Medical Officer / Public Health Inspector / Sister in Charge

Dear Sir/Madam,

Second dose of COVISHIELD vaccine

All the undergraduates of the Faculty of Allied Health Sciences, University of Ruhuna received the first dose of the COVISHIELD vaccine on 08th March 2021. The second dose will be given on 21st May 2021. However, due to the prevailing government travelling restrictions, most of the students are unable to visit Galle to obtain the vaccine.

Hence, I would be grateful if you could take necessary actions to provide the second dose of the COVISHIELD vaccine to the Allied Health Science undergraduates who visit your place with this letter, student university ID and the vaccination card.

Your great service and support at this critical moment to the Faculty of Allied Health Sciences is highly appreciated.

Thank you.

Yours truly,

Prof. Imendra Kotapola
Dean
Faculty of Allied Health Sciences
University of Ruhuna
